Admissions 2022-23

Institution: New Mexico Institute of Mining and Technology (187967)

User ID: P1879671

Overview

Admissions Overview

Welcome to the IPEDS Admissions (ADM) survey component. The primary purpose of ADM is to collect basic information about the undergraduate selection process for entering first-time, degree/certificate-seeking students in the fall term. This includes information about admissions considerations, admissions yields, and SAT and ACT test scores (if test scores are used in admissions decisions). The ADM survey component is collected only from institutions that do not have an open admissions policy for entering first-time students, which is captured on the IC Header survey component.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Institutions that have scores based on the old (2015) SAT score range should convert scores using the [College Board concordance tables](#).
- Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report admissions as of the institution's official fall reporting date or October 15. Institutions operating on an "other academic calendar", a calendar that differs by program, or that enrolls students on a continuous basis (referred to as program reporters) report admissions as students who enroll any time during the period of August 1 through October 31.
- ADM is only applicable to [first-time students](#); DO NOT include other students (i.e., [transfer-in students](#)) in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

Changes to reporting

The following changes were implemented for the 2022-23 data collection period:

- Three new admission considerations have been added
- The options for how institutions use the admission considerations have changed
- There is now a "50th percentile (median)" for test scores
- References to "summer term" have been changed to "summer session"
- Added information to not report test percentiles when there are less than 5 students
- FAQ #3 revised to clarify how to report applicants that were considered for admission
- The consideration of 'TOEFL' scores was expanded to 'English Proficiency Test' scores to cover the range of options available to institutions
- NCES has added a column for Institutions to report 'Another gender' in Applicants/Admissions/Enrollees

Admissions Considerations

1. Please select the option that best describes how your institution used any of the following data in its undergraduate selection process for the fall 2022 **first-time student** cohort. (If your institution has changed its admissions considerations for the fall 2023 first-time student cohort, you may indicate such changes in the context box immediately following this section).

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

In response to the COVID 19 pandemic, New Mexico Tech temporarily waived its requirement for ACT/SAT Test scores for admission. The requirement will go back into effect for the Fall 2023 semester.

Selection Process - A/A/E

2. Provide the number of **first-time, degree/certificate-seeking** undergraduate students who applied, who were admitted, and who enrolled (either full- or part-time) at your institution for Fall 2022. Include **early decision, early action**, and students who began studies during the summer prior to Fall 2022.

Remember that this question applies only to first-time, degree/certificate-seeking undergraduates. Do not include any other students in these totals. Report admitted students who enrolled in the summer ONLY IF they remained enrolled into the fall.

Only include levels that you indicated were offered in the IC Header. If you made an error in the IC Header, please remember to fix the error next year.

NCES has added a column for Institutions to report 'Another gender' starting with the 2022-23 data collection.

- The number of Gender Unknown students will be determined by subtracting (men + women + another gender) from the Total.

Is your institution able to report **another gender** for the 2022-23 data collection? If you indicate 'No', your institution should leave the cells in the column for '**Another gender**' blank (i.e., do not report 0). If you indicate 'Yes', but no students identified as **another gender**, please enter '0'.

- Yes
 No

	Men	Women	Another gender	Total

Selection Process - Test Scores

3. Provide data for Fall 2022. Include new students admitted the summer prior to Fall 2022.

If you report less than 5 students for any of the scores, do not report percentiles.

Summary

Admissions Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2023.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
