

Spring 2020
Field Camp Registration

Field camp has always been out of phase with the traditional semester system – neither Spring nor Summer. This has led to inconsistencies in registration, withdrawals and cost. In the future, field camp courses will be “Part of Term” courses – basically a ‘special’ semester that coincides with the actual dates for the classes. As a consequence, registration for the 2020 field camp courses will depart from past practice requiring some adjustments on the part of advisors and advisees taking field camp.

1. Field camp courses will **ONLY** be listed as part of Spring semester registrations. **There will no longer be an option for Summer Session registrations for field camp.**
2. This means that the **field camp credits will count as part of the Spring tuition load**. This can be beneficial, but it can lead to additional upfront costs if the load exceeds 18 credits.
3. **Students qualified for financial aid must visit the Financial Aid office** before the close of regular Spring registration to assure maximum benefits.
4. **Registration for field courses will NOT end with the close of registration** for other Spring courses, but will instead remain open until April 10, 2020.
5. Registered **students may drop** (with full refund of fees and extra tuition) **field courses through April 15, 2020.**
6. Students may withdraw (fees and tuition not refunded) according to the following schedule:
 - a. EARTH 483 – May 25th
 - b. EARTH 484 – June 9th
 - c. EARTH 480 – June 12th
 - d. EARTH 485 – June 23rd

2020 Geology Field Courses Schedule

Date	Event	Comment
Tuesday, November 26 2019	Open registration for EARTH 480, 483, 484 & 485	
Friday, April 10, 2020	Close of registration	Registrations after this date permitted only if logistics can be amended.
Wednesday, April 15, 2020	EARTH 480, 483, 484 & 485 Drop deadline	Drops after this date permitted only if logistics can be amended and only up to the census date for the class (see below).
